The Professional Preparation Program for Accounting is designed to help you meet the California requirements for CPA Licensure—you can fulfill 24 quarter units (or 16 semester units) toward CPA (Certified Public Accountant) Licensure in only 10 weeks.

Courses are offered in an intense, high-quality sequence, designed to provide the detailed knowledge and skills desirable in a professional accountant. Courses cover professionally based material that expands upon the academic accounting curriculum offered by the UCSB Economics Department. Courses provide information that broadens student understanding and knowledge of modern business methods and environments. Taken together, the four courses in the sequence also cover topics included in the CPA examination.

PROGRAM QUALIFICATIONS

- This program is for individuals seeking career enhancement through licensure as a CPA who have completed substantial coursework in accounting. Final admission decisions will be at the discretion of the CPA Academic Coordinator.
